Article no. **TA601.01** pcs 1.890,00 Euro

single vacuum unit Z1-AT
suction unit with filter box, suction hose
and mounting plate
guaranteed motor-minimum term approx. 5000 hrs
handpiece dedection at Z1-AT is much better than at other suction units.
In case of problematic cases an additional control cable will be needed.
The connection socket is available at the unit. The cable can be
retrofitted at all times.

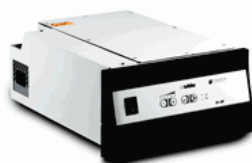

Article no. **TA602.01** pcs 1.890,00 Euro

single-place suction unit Z1-AT, left side / 230V -
50 Hz
Suction unit with filter box, suction hose
and mounting plate
5000 hours guaranteed motor life

The handpiece recognition of Z1-AT is significantly
better than that of other suction units. However, in
case of problems an additional control cable is required.
The connection socket for this is provided in the unit,
the suitable cable can be retrofitted at any time.

When taking back the new unit we charge
45,00 Euro for inspection and repacking.
